Course Descriptions

Leadership Course Descriptions

HMNT 332 Historical Issues in Leadership

Core Course

Credits: 2

An introduction to famous and infamous historical leaders. Students will be encouraged to develop their own leadership styles in dialogue with leaders and events of world history. *Spring Semester.*

LEAD 225 Creative Leadership

Core Course

Credits: 3

Through the study of personal assessment and major leadership models, students will understand their personal leadership strengths and incorporate them into a personal philosophy of leadership. They will develop a personal leadership portfolio, complete a citizen leadership project, and complete a servant leadership project as a group. *Spring semester.*

LEAD 245 Leadership Cohort

Core Course**Credits: 1**

Prerequisite: LEAD 225

Cohort members will read leadership literature, discuss leadership issues and visit local leaders. Credit/No Credit.

LEAD 345 Leadership Cohort

Core Course**Credits: 1**

Prerequisite: LEAD 245

Cohort members will read leadership literature, discuss leadership issues and visit local leaders. Credit/No Credit.

LEAD 425 Experiences in Leadership

Core Course**Credits: 3**

Prerequisite: LEAD 225

Based on leadership theories and models, students will apply their knowledge in group and individual leadership projects. They will test one model in a leadership situation and participate in a leadership experience. Previous experiences have varied, including an extended canoe trip, visits with political leaders in Washington D.C., and service projects. *Summer.*

LEAD 475 Leadership Internship

Core Course**Credits: 1-3**

Prerequisite: LEAD 225 and junior or senior standing

Affords students the opportunity to observe practical work in a chosen field and to assist in the organization and administration of the off-campus program. Approximately 45 clock hours of contact time per credit hour are spent in the completion of the intern experience. May be repeated for additional credit.

RELT 305 Christian Ethics

Credits: 3

An introduction to the systems and methods used in making ethical decisions viewed from the perspective of the Christian faith. Discusses questions of current interest in the area of personal and social ethics. *Fall/Spring semesters.*
