Campus Life

Health and Insurance

Campus Health

Campus Health offers non-urgent care for students. Lori Escobar, a licensed counselor is there to provide non-urgent mental health support as well as connecting students to local support areas in Lincoln. Tammy Adams, a registered nurse is there to assist in non-urgent medical concerns and can connect students to local providers for long-term or specialty care. Campus Health is located under the Rees Hall East Wing, next to the police substation. Please visit the Campus Health web page for complete hours.

Insurance

Students attending Union College are responsible for obtaining personal health insurance. The college requires that full-time students (those taking 12 or more hours) be covered by health insurance. Upon registration, students must furnish documentation verifying insurance coverage that is comparable to the school's insurance coverage, or they may elect to purchase a health insurance plan through the college. Though health insurance is not required for students taking 11 hours or less, it is highly recommended. International students are required, by law, to purchase major medical insurance. Medicaid from a state other than Nebraska does not suffice. Contact Student Life if you have questions regarding health insurance.

Accidents

It is the student's responsibility to report any accident involving personal injuries occurring on campus or at a college-sponsored activity to the college nurse 402-486-2554. College accident reports should be turned in within 48 hours of the accident. ALL accidents must be reported. Accident forms may be obtained from the school nurse.

Accidental Injury Coverage

All full-time students (those taking 12 or more hours) are automatically covered by a secondary accident insurance policy provided by Union College. Insurance claims should first be submitted to your personal carrier (primary insurer). Forms for filing claims with the secondary policy are available in Student Health, Human Resources and Student Life. Students taking 11 hours or less of course work are responsible for their own accident insurance coverage

Spiritual Life

Campus Ministries

Campus Ministries is responsible for coordinating non-academic religious activities such as student missionary and taskforce appointments, chapel, vespers, Sabbath Experience, and Spiritual Journey Program, CABL, and SOS (Something on Sabbath). They also plan outreach and service opportunities to the community.

Student Missionary (SM)

Union College students have the opportunity to take six months to a year during their college experience to go to another country/culture to serve others. Short-term mission trips are also available. Contact Campus Ministries for details. Student missionary positions are similar to task force who do their tour in the United States, most often at an academy.

Religious Service Expectations

Our goal at Union College is to continue excelling in academic excellence, and to provide that same level of excellence for your whole being, assisting and challenging you to be your best in all things. In these collegiate years you will be making probably the 4-5 biggest life-changing decisions in your life. When these decisions are centered more fully on Jesus He can be your anchor and your guide. Below are the expectations for fulfill your religious requirements:

- uWorship: each week, track at least 3 ways that you had personal worship on your uGroups app
- uGather: weekly gathering at church on Thursdays at 10:30am
- There will be two sentences added to your transcript that will NOT be reflected in your GPA but will be available as data that graduate schools and future employers regularly request. We will now be able to provide data to back up their requests for documentation on your involvement in the community of which you are a part. The sentences will say:
 - Met college community/worship engagement expectations ___ out of ___ semesters (uGather)
 - Met personal spiritual growth expectations ___ out of ___ semesters. (uWorship)

uWorship

To assist in developing both the opportunity to create a meaningful and personal experience with Jesus, and to help establish the discipline of regular communion with God, we have designed a totally independent and self-governed approach to personal worship. **Each week**, from the uGroups app, which returning students already have, and new students will be able to download at registration, you will check in and choose any 3 of the many options that you personally participated in that week. It will now be even easier to achieve our vision for you and at the same time provide the structure for you to develop a regular pattern for connecting with God. The expanded list will include things like church, Sabbath School, Christian

concerts, personal devotions; even reading Good Morning Union and more! Through UGroups all you need to do is go to the app **each week** and check the three options that applied to you that week.

The biggest change will be the regularity of reporting. In order to achieve the goal you must report **each week**. This will probably take you 10 seconds to accomplish. You won't be able to go back nor will you be able to stockpile for the future. As we strive to fulfill our mission at Union we want you to discover, even more deeply, the joy of building Jesus regularly and faithfully into your everyday life. **Each week** choose three experiences you participated in from our list (or add something we haven't thought of that has worked for you!) When you see the list, I think you'll discover that this will be easier than you might think!

uGather

New this year is our **Thursday** morning gathering where we ALL will be present to build community and worship together. After much thought and prayer, and discussions with multiple groups on campus, we discovered that the growing lack of community was becoming very evident and clearly affecting the "family" atmosphere for which Union is known. It was determined, not without some opposition or challenge because change is normally hard for most of us, that we needed a time when the whole school family could come together, faculty, staff and students, both to build community and to worship.

Thursday mornings at 10:35am, we will gather in the church for 15 minutes of community connection for the college and 25 minutes of high quality worship. All functions of campus life will hit the pause button for 40 minutes so we can all come together. If you need to request an exception for uGather, please go to the Student Life uGroups page and there you will find the form "uGroup Exception Form."

HeartScan

HeartScan, our spiritual mentoring program, will continue and it is now on line as a uGroup club! If you choose this option and successfully fulfill the requirements, this meets the uWorship expectations. You will again be asked to set the four goals as before and after having met weekly with your mentor, report your progress at the end of the semester. In addition, this year we will be providing optional discussion questions and themes that you can use, if you need, as you spend time with your mentor. It will also be online so no more lost or misplaced HeartScan forms!

Food Service

Union Market provides a vegetarian menu with vegan options in a market-style setting from early morning to late evening. Cooper's Corner, a snack shop in the Student Center, provides additional food options. A food service minimum is charged per semester for residence hall students.

Serving Hours

Serving hours are for school-in-session only. Special event, holiday, registration, break, and vacation schedules will be posted. Union Market is the place to find a healthy meal or a quick snack. Features included extended hours, market-style food preparation and Inky's student lounge.

- Weekdays: 7 a.m. - 10 p.m. service, except Friday the service area closes at 6 p.m.
- Sabbath lunch: 1:15 p.m. – 2:00 p.m. Saturday night: 6 p.m. - 7 p.m.
- Sunday: 10 a.m. - 10 p.m.

Housing

Right of Entry

The college reserves the right for Student Life staff or their representatives to enter and inspect rooms and vehicles on campus when deemed necessary. Inappropriate items will be confiscated. Individuals may be searched with probable cause.

Housing Policy

Union College is primarily a residential college requiring residence hall housing of its students. Exceptions are:

- Students who are 22 years of age at the beginning of a semester.
- Students who have completed 92 college credits by the beginning of the semester.
- Students taking five semester credit hours or less (other than first-year freshmen).
- Students living with parents whose primary residence, as verified by their income tax statement, is Lincoln, NE.
- Students living with close relatives who are 25 or older, having established homes.
- Student living with an approved, non-related family.

Arrangements for moving off campus must be approved by Deans' Council before signing any rental/lease agreement. Cohabitation outside marriage is not permitted for students residing at Union College. Students showing financial need who are offered free room and board with a family in exchange for labor may request approval to live with that family. Questions or requests regarding the housing policy should be directed to the vice president for Student Life or residence hall dean.

Separate residence halls for men and women are maintained at Union. When visiting the residence hall of students of the opposite sex, use only the front entrance and confine visits to the lobby areas, not the living areas. Entering the living areas is not allowed.

Housing for non-Union students

Under certain conditions, students taking classes at a local college/university may apply to the Vice President for Student Life for on-campus housing.

Housing for Union students

For info on residence halls, contact the Dean of Students for Student Life at x2530.

The college owns a number of campus apartments and houses suitable for student families and students who qualify to live outside the residential halls. Monthly rental rates vary with apartment size. Correspondence concerning college-owned housing should be addressed to the Housing Manager in the Financial Administration Office well in advance of attendance at housingmanager@ucollege.edu or www.ucollege.edu/campushousing.

Guests

Each residence hall is a private campus home where guests are welcome to visit. All guests of the opposite sex who are not members of the immediate family may visit only in the residence hall lobbies. Residents must arrange with a residence hall dean for guests to reside overnight in student rooms. Guests are to register at the appropriate hall desk and will be expected to abide by general campus and residence hall regulations. Visits should be limited to one or two nights. Otherwise, arrangements must be made with the dean and a charge of \$10/night may be placed on the resident's account. If a student fails to register his/her guest, a \$10 charge per night may be assigned. Guests are not to

smoke while on campus or bring/consume alcohol/drugs while on campus. Students are responsible for the conduct of their guests.

Dress

Dress and appearance expectations at Union College are based upon Biblical standards of modesty, morality, good taste, and Seventh-day Adventist social convention. The college defines modestly dressed students as those who wear clothing which is not revealing, tight fitting, transparent, or too brief. Clothing should be appropriate for the event or activity being attended. Appropriate grooming at Union includes natural looking make-up and well-groomed hair and beards. Conservative swimsuits are required for both women and men participating in water sport activities. Dress when attending religious services should reflect and recognition of the spiritual atmosphere. While working or representing the college students must dress appropriately. In various employment areas/departments dress policy requirements may differ from this policy.

It is committed to equal education and employment opportunities for men and women of all races and does not discriminate on the basis of disability, age, sex, marital status, race, color, or national origin in its educational and admissions policies, financial affairs, employment programs, student life and services or any College-administered programs. To this end, the College is in compliance with Titles VI and VII of the Civil Rights Act of 1964 as amended and in substantial compliance with Title IX of the Education Amendments of 1972 (34 CFR 106 et seq.), and does not discriminate against any employees or applicants for employment because they are disabled veterans or veterans of the Vietnam era.

The College reserves constitutional and statutory rights as a religious institution and employer to give preference to Seventh-day Adventists in admissions and employment, including but not limited to 42 USC Secs. 2000e-1, 2000e-2; Sec. 204(c) of Federal Executive Order 11246; 41 CFR Sec. 60-1.5(5); 20 USC Sec.1681 (a)(3); 34 CFR Sec. 106.12; and the First Amendment to the United States Constitution. The College believes that Title IX regulations are subject to constitutional guarantees against unreasonable entanglement without infringements on the religious teachings and practices of the Seventh-day Adventist church. The College expects students and employees to uphold biblical principles of morality and deportment as interpreted by the Seventh-day Adventist church. Pursuant to 34 CFR Sec. 106.12, the College claims exemptions from the provisions of Title IX set forth in 34 CFR Secs. 106.21, 106.31, 106.39, 106.40, 106.51 and 106.57.

Disability Accommodations

Union College honors section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act, which forbids discrimination against all individuals on the basis of handicap. Students with disabilities requesting any accommodations must submit a letter to the Department of Disabilities Services (see Teaching Learning Center) verifying the student's disability. Students with disabilities requesting dorm accommodations should also send their request to the Teaching Learning Center and in writing to the respective dean along with an explanation of the need for the request. Reasonable accommodations are determined by examining:

1. The barriers from the interaction between the documented disability and the campus environment.
2. The possible accommodations that might remove the barriers.
3. Whether or not essential elements of the program, service, or activity are compromised by the accommodations.

Sexuality

Union College endorses Biblical principles of morality. We believe Scripture supports virginity until marriage and outlines appropriate, heterosexual relations within the marriage covenant. As a Christian institution of higher learning, Union College believes healthy romantic and sexual relationships must be built on Biblical principles. In keeping with the Seventh-day Adventist understanding of those principles, we expect students to refrain from premarital and extramarital sexual relationships and any same-sex romantic relationships while enrolled at Union College.

We believe all people are God's children. Union College expects students, employees and guests to treat each other and the wider community with respect and dignity, and will not tolerate harassment. We all deserve a constructive learning and working environment. Realizing that one's actions affect the people around us, and given today's societal and health concerns, the college feels a responsibility in furthering a student's understanding of healthy relationships. This goal can be achieved through residence hall worships, chapels, and classroom instruction.

The college may intervene with students whose behavior is out of harmony with Biblical principles of morality. As a result of a student's misconduct, he/she may be asked to seek counseling, education, or spend time away from campus with family/faculty/staff. Type or severity of recommended intervention may vary depending upon individual attitudes and circumstances. The purpose of intervention as it relates to Union College and its students is

- to help students live/ behave in a manner appropriate to Christians,
- to provide an educational setting to disseminate life-changing information,
- to provide a support system both within and outside the school setting to effectively address the problem.
- The goal of intervention is to assist students in developing their individual, intellectual, physical, emotional and spiritual capabilities to the fullest extent possible while completing their academic program.

Sex Offender Policy

Union College considers the protection of our community from sex offenders to be a matter of significant importance. The Nebraska Sex Offender Registration Act allows the college to provide notice to the campus community concerning sex offenders who are, or will be attending classes or working on the campus, and to assist our community members in developing constructive plans to prepare themselves and their children residing near released sex offenders. The college is authorized to notify the community when information is received that a registered sex offender may be expected on or near the college campus, including off-site buildings and associated college activities. Information that is relevant and necessary to protect the public and to counteract the danger by a particular offender may be released pursuant to the Nebraska Sex Offender Registration Act.

Any student or employee of Union College that is a sex offender is required, in addition to residency registration, to register with the Lancaster County Sheriff disclosing his or her involvement or relationship with Union College. Such registration shall be completed on a form approved by the Nebraska State Patrol. Any student so registered is subject to the disclosure requirements of the Nebraska Sex Offender Registration Act which supersedes any expectation of privacy provided pursuant to The Family Educational Rights and Privacy Act.

The extent and content of the disclosure of relevant and necessary information shall be related to:

- the level of risk posed by the offender to the community;
- the location where the offender resides, expects to reside, or is regularly found; and

- the needs of affected community members for information to enhance their individual and collective safety.

Additionally, further information about any registered sex offender can be found by searching the sex offender registry located at <http://www.nsp.state.ne.us/SOR/>. This policy is intended to comply with the Campus Sex Crimes Prevention Act.

Harassment

4.14 DISCRIMINATION AND HARASSMENT, OPR: President, 06/09 (E-26) Union College is committed to providing employees and students with an environment free of discrimination, harassment or intimidation. As such, employees, students, and other individuals working at the College, such as vendors, volunteers and contractors are prohibited from engaging in discrimination, sexual harassment, or any other unlawful harassment. Discrimination or harassment of co-workers or students is inconsistent with the College's faith-based principles and standards of acceptable Christian behavior, and will result in appropriate disciplinary action, up to and including termination or expulsion.

Discrimination

The policy of Union College prohibits unlawful discrimination against an employee or a student on the basis of race, color, sex, national origin, age, disability, or any other legally protected status under Nebraska or federal law, with respect to any conditions, benefits, aids, or services provided by the College.

Harassment

Union College wants its employees and students to enjoy an environment free of harassing conduct or conduct which, if not curtailed, has the potential of creating a hostile, intimidating or offensive working or school environment. As a result, it is against the policy of Union College for any employee, student, supervisor, manager, or independent contractor to harass another on the basis of race, color, sex, national origin, age, disability or any other legally protected status under Nebraska or federal law. Employees and students are encouraged to report incidents of harassment before they become severe or pervasive in order that Union College may address the conduct immediately.

Sexual Harassment

Sexual harassment involves unwelcome conduct of a sexual nature. It includes sexual advances, requests for sexual favors, and other verbal, non-verbal, or physical conduct of a sexual nature. Sexual violence is a form of sexual harassment. Sexual violence includes physical sexual acts perpetrated against a person's will or where a person is incapable of giving consent due to the victim's use of drugs or alcohol, or because of an intellectual or other disability.

Employee Sexual Harassment

Sexual harassment of employees occurs when unwelcome sexual advances, requests for sexual activity or any other unwelcome verbal, written, visual or physical conduct of a sexual nature occurs, and

1. Submission to or rejection of the conduct is used as the basis for an employment decision or action; or
2. Submission to the conduct is made, either explicitly or implicitly, a term or condition of employment, or
3. The conduct has the purpose or effect of unreasonably interfering with an individual's work performance or creating a hostile, intimidating or offensive work environment.

Student Sexual Harassment

Sexual harassment of a student occurs when unwelcome sexual advances, requests for sexual activity or any other unwelcome verbal, written, visual or physical conduct of a sexual nature occurs, and

1. Submission to or rejection of the conduct denies, limits, provides different, or is used as a basis for the provision of a school-related benefit, aid, or service; or
2. Submission to the conduct is made, either explicitly or implicitly, a term or condition of a school-related benefit, aid, or service; or
3. The conduct is sufficiently severe, persistent, or pervasive to limit a student's ability to participate in or benefit from an education program or activity, or to create a hostile or abusive educational environment.

Examples of conduct which may constitute sexual harassment of an employee or student include, but are not limited to verbal or visual harassment or abuse (degrading sexual comments, unwelcome propositions, sexually offensive jokes, gestures, materials, objects, and tricks), unwelcome requests for sexual favors or activity, inappropriate touching or physical actions of a sexual or abusive nature (pinching, hugging, patting, repeated brushing against another person's body, sexual coercion, sexual battery, sexual assault, and rape), or a suggestion, threat, or action that makes the affected individual's employment or educational opportunities and benefits subject to submission to sexual demands, harassment, or sexually offensive conduct.

Harassment does not include occasional compliments or voluntary personal relationships between employees or students. However, some conduct that may be appropriate in a social setting is not appropriate in our college environment.

Other Unlawful Harassment

Unlawful harassment may also consist of verbal, visual or physical conduct that denigrates, threatens, or shows hostility or aversion toward an individual or group because of his or her race, color, gender, national origin, disability or any other protected status under Nebraska or federal law, and has the purpose or effect of unreasonably interfering with an individual's work or school performance or creating an intimidating, hostile, or offensive work or school environment. Examples of conduct which may constitute unlawful harassment of an employee or student include but are not limited to epithets, slurs, insults, negative stereotyping, threats, disparaging remarks, written or printed material of a disparaging or hostile nature, intimidation or hostile acts, or offensive jokes or tricks based upon or because of a person's protected status, including race, color, national origin, ethnicity, age, disability or any other legally protected status under Nebraska or federal law.

Communication of Policy

Unlawful discrimination and harassment violates Union College's employee and student policies and the Christian values upheld by the College. For these reasons, it is expressly prohibited. As a preventive measure, Union College will actively seek to educate all faculty and staff (through regular meetings, special seminars, etc.), about the prohibition of all forms of harassment and discrimination and the steps to report suspected violations. In addition, the College shall communicate its policy against harassment and discrimination to employees and students by publishing the policy within the College in a manner that faculty, staff, and students are aware of its content.

Reporting Incidents: Any employee or student who in good faith believes that he or she has been harassed or discriminated against in violation of this policy should immediately report the incident to one of the following:
Employees: Employees may report an incident of harassment or discrimination to any of the following persons, depending on the employee's comfort level.

The Sexual Harassment Compliance Officer is Kim Canine, 486-2507.

- His or her supervisor
- Vice-President over the department to which the employee reports; OR
- The Vice-President of Financial Administration; OR
- The College President, OR
- The Vice President for Academic Administration, OR
- The Sexual Harassment Compliance Officer, OR
- Multicultural Ombudsperson, OR
- Disability Compliance Officer, OR
- Any other member of College management with whom he/she feels most comfortable approaching

Students: Students may report an incident of harassment or discrimination to any of the following persons, depending on the student's comfort level.

The Sexual Harassment Compliance Officer is Kim Canine, 486-2507.

- His or her teacher; OR
- His or her faculty advisor; OR
- The Vice President for Academic Administration; OR
- The Vice President for Student Life; OR
- The College President; OR
- The Sexual Harassment Compliance Officer; OR
- Multicultural Ombudsperson; OR
- Disability Compliance Officer; OR
- Any other member of college management with whom he/she feels most comfortable approaching

If possible, the employee or the student should tell the person engaging in the inappropriate behavior that the conduct is offensive and should be immediately stopped. Employees and students are encouraged to report incidents of harassment or discrimination within 72 hours so that the college can undertake a prompt investigation.

Union College believes that it is every employee's and every student's obligation to report complaints or incidents of possible discrimination or harassment. Employees or students who observe incidents of harassment, discrimination, or intimidation against others should report such conduct to their supervisor, their teachers, their faculty advisor, the vice president of their department, the Vice President of Financial Administration, the Vice President for Academic Administration, the Vice President for Student Life, or the President of the College. Any supervisor or member of management receiving a complaint of harassment or discrimination should immediately report it to the Sexual Harassment Compliance Officer.

Non-Retaliation

The College prohibits retaliation, discrimination, harassment, or intimidation, against employees or students for reporting, in good faith, suspected incidents of harassment, discrimination, or intimidation, or for cooperating with or participating in the College's investigation of such conduct. While the College urges individuals to report alleged harassment, discrimination, or intimidation, unfounded allegations can irreparably harm an employee's or a student's reputation and limit their ability to fulfill job or educational responsibilities. Employees or students who bring malicious, spiteful, or knowingly false allegations of harassment will be subject to discipline.

Investigations

The college will investigate all claims of harassment or discrimination in a confidential, objective, and thorough manner. The college will take all possible steps to maintain the anonymity of the complaining party, if requested, and

will inform the complaining party if that anonymity cannot be maintained for whatever reason. Generally, within seven working days of a complaint, an appropriate officer (as determined by the college) will review the matter and determine the scope and nature of the investigation. The duration and extensiveness of the investigation will vary depending upon the allegations but will not exceed 60 days absent extraordinary circumstances. If the investigation cannot be completed within this timeframe, the college will inform the complaining party of the delay and provide an updated timeline for completion. The involved parties will have an equal opportunity to present relevant witnesses and evidence, if deemed necessary by the college, as provided in the college's Grievance Policy.

Students and employees accused of campus misconduct may also face criminal charges arising from the same behavior. The existence of a criminal process or investigation does not relieve the college of the duty to investigate, and the college will proceed with its investigation in a timely manner. This may raise the issue for accused individuals that participation in the campus process may lead to statements that could incriminate the accused individual if campus records are admitted in court. Accused individuals who are concerned about the implications of such statements should consult with qualified legal counsel. The college has the expectation that accused individuals will participate in campus resolution processes (and does not permit students with pending conduct matters to withdraw until those matters are resolved). An individual who fails to cooperate in a campus investigation may face charges for failure to comply with the reasonable directives of campus officials, which may result in expulsion. Attendance at any interview, meeting or hearing is required when requested. When criminal charges are pending (or impending), the accused individual may elect not to answer questions that could lead to self-incrimination, but still must attend the meeting to assert that intention for any or all questions the college needs to ask.

Upon conclusion of the investigation and consultation with the President, and based on a preponderance of the evidence gathered, the college will take whatever appropriate remedy or correction it deems necessary to stop any discriminatory or harassing behavior, up to and including termination of employment or expulsion from school. If required by the allegations made, the college may take immediate action to protect a complaining party from ongoing harassment prior to the conclusion of the investigation. The college will notify both parties, in writing, of the outcome of the complaint. If necessary, the college will take reasonable steps to prevent recurrence of any harassment.

Non-Employee

Any employee who believes that he or she or any other employee has been the subject of sexual or other unlawful harassment as defined in this policy by a non-employee or non-student, such as a client, vendor or visitor, during work or school time or in relation to the employee's work or the student's education at the college, should immediately report the incidents by following the procedure set forth above. An investigation of the complaint will be undertaken as stated above. If Union College concludes that a non-employee or non-student has sexually or otherwise unlawfully harassed any employee or student during work or school time or in relation to the employee's work or the student's education at the college, immediate and appropriate action, will be taken by the college, as feasible.

Complaints

In seeking to do what is right, Union College values student complaints as evidence of potential difficulties to be addressed. Most complaints are addressed informally, orally or electronically with the division chair, residence hall dean, work supervisor, or other responsible campus employee. However, if a student seeks further resolution of the problem and discussion with the appropriate vice president likewise fails to satisfy the student, a formal complaint is the next step and should be filed in writing or by e-mail with the appropriate vice president.

Formal complaints are defined as non-trivial complaints submitted in writing, dated, signed by the student, and submitted to the vice president with the responsibility to handle the complaint. Formal complaints are kept on file,

and each vice president maintains a record of each complaint filed and its resolution.

It is the responsibility of the vice president to document evidence related to the case, and to propose a resolution of the case within three weeks of receipt of the complaint. Unless the complaint is merely informative, and the student does not desire any corrective action, the student will be informed of the resolution of the case either orally or formally in writing.

If a formal complaint does bring a satisfactory resolution to the situation, a grievance may be filed with the president. Filing a formal complaint does not preclude use of the grievance procedures, but once a grievance is filed, that process will replace the resolution of the written complaint.

Grievance Policy

Union College attempts to follow Biblical principles when wrong is perceived by a student or employee. A student who feels treated unfairly or unjustly has the right to appeal according to approved procedures.

Informal Complaint Procedure

The following steps of the Informal Complaint Procedure must be followed in the correct order by the student desiring to utilize the grievance process:

1. Most misunderstandings and difficulties are settled to mutual satisfaction when the student discusses the issue with the course instructor, residence hall dean, or staff member.
2. A student who is not satisfied by discussion at this direct level, should appeal to the instructor's program director, division chair, head residence hall dean, or staff supervisor.
3. If the student is not satisfied with the result of the discussion of the complaint at the supervisor level, the next step should be to take the complaint to the Vice President for the appropriate area.

Formal Complaint Procedure

If not satisfied with the decision of the appropriate vice president, within seven working days the student should file a formal written complaint with the president of Union College requesting a grievance hearing.

Filing a formal grievance is a serious matter and should be done thoughtfully. The Grievance Committee's recommendation will provide the underlying context of the president's decision, which will constitute final action by the college. The Grievance Committee, selected by the president, shall be composed of two students and the three faculty or staff members, as appropriate. Either party may suggest one member of the committee. The chair and secretary of the committee shall be elected by the committee members at the first meeting.

Both the student and the college employees involved in the case are invited to appear before the committee or to present a verbal statement of the case. The student shall also be allowed to present additional written statements about the case. At the student's request, one advisor (a parent, spouse, student, or college employee) may accompany the student to the meeting. However, the presence of legal counsel is not appropriate for the student or the college. The presence of the student's advocate is for the purpose for moral support. The advocate may speak when recognized by the chair and for the time allocated by the chair. The advocate may make requests of the committee but throughout the proceedings the committee will determine its own actions. The student and the student's advocate may attend the committee presentation of all evidence and any related matter considered by the Grievance Committee. They also have the right to present rebuttal to all evidence and reasoning. However, they may not attend the committee's final deliberation and vote.

The Grievance Committee may recommend that either the action taken should stand, that the matter should be

reconsidered by the original deciding body, or a new action is warranted. The recommendations of the Grievance Committee shall be presented as a recommendation in writing to the President of Union college, who will determine final recommendation and will notify the student of the decision.

Withdrawal of Grievance

At any time during the grievance procedure, the student may withdraw the complaint in writing to the president. In addition, a failure by the student to appear for a requested hearing, without prior notification or evidence of extenuating circumstances, shall constitute withdrawal of the grievance or appeal.

Matters Not Grievable

Policies and regulations adopted by the college and/or the Board of Trustees are not subject to the grievance process. Students may request discussion and recommend changes to such policies but this dialogue is advisory and not grievable. In addition, the College may be substantially limited to act in matters involving patient and public safety, state requirements, hospital policies, and similar off-campus situations.

ARTICLE IV: Campus Safety

Student Right to Know and Campus Security Act

Union College complies with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (Clery Act). Federal law requires the college to issue a yearly report of incidents of murder, manslaughter, rape, incest, Statutory rape, robbery, aggravated assault, burglar, arson, hate crimes, Violence Against Women Act crimes, and motor vehicle theft, as well as the number of arrests that occurred for liquor law, drug abuse violations and weapons possessions. Statistics reported are those brought to the attention of the Campus Safety Office. A daily log of reported crimes on campus property is available for review in the Campus Safety Office. A copy of the policies and procedures followed by the college is available in the Student Life office and online.

Crisis Response Plan

Union College is committed to supporting the safety and welfare of all its students, faculty, staff and visitors. Preparing and maintaining an effective Incident Response Plan, as well as allocating the required resources to implement it, are among the ways the college maintains this commitment and mission.

This college will continue to support planning which does the following:

- Maximizes safety, health and environmental initiatives.
- Minimizes risk of injury and property loss.
- Cooperates with all external partners and agencies.
- Develops resilient pre-planning activities.
- Provides for a prompt and effective response to applicable incidents.
- Supports strategies for continuity of operations and restoration of normal activities promptly following an incident.
- Ensures appropriate communications and notifications within the College, the community and beyond.
- Supports Incident Management Planning internally and with external partners.

The Federal Emergency Management Agency (FEMA) and the State of Nebraska have both adopted this approach. The plan is consistent with this approach and is structured to integrate well with external authorities and their planning. Copies of the Crisis Response plan may be found in the offices of all administrators, deans, and department heads. The plan is also posted on the college website.

Safety Regulations

Fireworks, candles, open-flame lamps, incense, or any other items that produce flames have been designated as “fire hazards” and are not to be used in residence halls. A \$50 fine and/or replacement costs may be assessed for violation of this policy. Rees Hall has kitchenettes for cooking. Cooking appliances such as electric skillets are to be used in kitchenettes, not in student rooms. Irons should only be used in laundry rooms. Hot plates are not to be used in the dorms. Extension cords and multiple plug-ins are not to be used. The Fire Marshall recommends a fused multiple-plug safety strip. Due to recent fire hazard warnings, halogen lamps are not allowed.

Fire Drill and Equipment

Students should acquaint themselves with the fire exit route chart posted in each dorm room. When a fire alarm sounds, residence halls are to be vacated immediately. Close all windows, leaving the room door unlocked allowing the resident assistant to be certain that rooms are not occupied. If it is safe to do so, assist any fellow student needing help to the nearest exit. Follow the posted exit charts to designated meeting areas that will be announced for each wing/floor.

Remain in your designated area until the alarm ceases to sound or until an “all clear” announcement is made. Any student refusing to leave the dorm during a fire drill is subject to discipline and a \$100 fine.

Charges will be made for removal of fire escape signs posted in the student rooms or hallways. Fines may be levied for use of, or tampering with, fire protection equipment and security surveillance equipment. This includes removing batteries from smoke detectors. Such activity is a violation of campus, city, and state fire ordinances, and may be handled by the city authorities.

Vandalism

Vandalism to public areas of residence halls, e.g. holes in the wall, burns in the carpet, may be assessed to residents of the floor where such damage occurred, if individuals responsible for the damage are not discovered and charged.

Vandalism to any part of campus will be charged to the person responsible and may result in discipline.

Weapons

Weapons, concealed or otherwise, such as firearms, explosives, BB or pellet guns, paintball markers, replica weapons, 3” or longer knives, lasers or other weapons are not allowed at Union College property (including parking lots, student owned vehicles while parked on campus, grounds, buildings, properties used by the college during events, college or personal vehicles used for college activities) and are to be left at home. These items will be confiscated when found in a student’s possession and the local authorities may be involved.

Trespassing

Areas such as Plant Services workspaces, tunnels, building tops, are off limits and those found in those areas without express permission from appropriate staff will be subject to discipline and/or legal action.

Students found in buildings that are closed (i.e. after the building has been closed for the evening, the last of the faculty/staff have vacated, etc.) without express permission from appropriate staff will be subject to discipline and/or legal action. Some buildings may not have posted hours, but it is the responsibility of the student to vacate a building once the last authorized staff member (or student worker in areas like the Student Center) have vacated the building.

Students who have permission to be in an area, otherwise off limits for any other reason than the purpose permission was given, will still be subject to disciplinary procedures. Students should communicate clearly with their supervisors before using access to these areas for any other reason.

Campus Safety will announce themselves when clearing a building after hours and ask if anyone is there. Failure to announce your presence may be cited as an exacerbating factor to discipline.

If you need access to a building that is closed to gather a forgotten item, you should contact Campus Safety and they will assist you.

ARTICLE V: Disciplinary Procedures

Union College prefers preventative measures which will help students avoid serious disciplinary problems. When possible, counsel, advice and minor restriction are given by administrators, residence hall deans, and/or Deans' Council before the need arises for more formal measures. Restrictions may be imposed which include, but are not limited to, the following:

- public appearances that represent the college,
- working late night off-campus,
- possessing and operating stereo, TV or video equipment,
- living off campus (when such arrangements have been approved),
- obtaining weekend leaves except to one's own home, and/or
- possessing and operating gaming devices, TV or video equipment,

When a student violates the rules and regulations of the college and/or civil law, a student may be:

- counseled,
- disciplined,
- or separated from the college for a definite or indefinite time.

Union College takes the position that students need to assume responsibility for their actions, thus illegal activities may be reported to local authorities.

The Behavioral Intervention Team (BIT) handles disciplinary cases in order to find the best path for the student. This team consists of the Dean of Students, the four residential deans, the Director of Student Success, the Director of Campus Safety, and one faculty representative. The student will be asked to provide their account of the events in question. The BIT will investigate the situation with the purpose of finding the truth. Once they have come to a conclusion, they will determine a behavioral plan for the student.

Students have the opportunity to appeal the decision made by the Behavioral Intervention Team. An appeal may be requested due to the following: process not followed, treated unfairly, or new information. The student must contact

the Vice President of Student Life to request an appeals form. The appeals committee consists of the Vice President of Student Life, the Director of Integrated Marketing, the Faculty Senate Chair, and two staff representatives. This committee makes an assessment of the decision and reports their findings to the student as well as the BIT. The vice president for Student Life is responsible for the administration and evaluation of student discipline procedures.

Disciplinary actions may become part of the student's record at the college. When college regulations are disregarded, disciplinary procedures will result. This discipline may involve suspension, withdrawal (college request), dismissal, or other serious measures and may be referred to the Deans' Council, the vice president for Student Life, or college president. At the student's request, he/she may attend a Deans' Council and may be accompanied by parents, a faculty/staff member, or a fellow student. The Deans' Council members are the vice president for Student Life, deans, faculty representatives, and head resident assistants.

A letter of warning indicates that a student has been involved in a major violation of college policy. It automatically places the recipient on citizenship probation for a designated period of time.

Citizenship probation is a serious matter. During the probationary period, (or a specified period), any or all of the following conditions may apply:

- The student's status in the college shall be tentative.
- The student shall be disqualified from holding and/or seeking office in any college or student organization for a period equivalent to one semester.
- Public appearances may be limited.
- It is the student's responsibility to report one's limited status to individuals who request one's participation in activities not permitted by one's probationary status.
- Certain privileges may be forfeited including: working late night off campus, living off campus, obtaining weekend leaves except to one's own home, and leaving campus without specific arrangements.
- Consultations with a counselor/staff member may be required.
- Other restrictions as specified.

When citizenship probation is necessary and after its implications have been explained to a student, he/she may be asked to sign an agreement to faithfully carry out the terms of the probation or withdraw from the college upon failure to do so.

Letter of Suspension Suspension is of three types: separation from the college for (a) a definite time, (b) an indefinite time, or (c) until a specified condition is met, after which the student may apply for reinstatement. If a student whose home is not in Lincoln is suspended and stays in the Lincoln area without permission during the suspension period, the student may be asked to withdraw from the college.

Letter of Withdrawal Serious misconduct, accumulated series of violations, or insubordination to the authority of the college may result in the student being asked by the president, vice president for Student Life, or Deans' Council to withdraw from the college. Students who withdraw under counsel for disciplinary reasons will not be considered for readmission to the college for at least one full semester following the semester of withdrawal. A student who has been asked to withdraw is no longer eligible for college housing.

Letter of Dismissal Serious misconduct, accumulated series of violations, or insubordination to the authority of the college may result in the student being dismissed from the college by the president, vice president for Student Life, or Deans' Council.

Letters listed above are not always sent in the order in which they have been listed. Cancellation of Readmission Suspension, citizenship probation, or a letter of withdrawal or dismissal cancel admission for the following semester. To be reconsidered, a student may reapply at the end of the semester during which the suspension occurred, but the

admission decision may be deferred until the beginning of the next semester.
